

Conference Briefing

Idox Knowledge Exchange is the leading UK supplier of policy and information services to the UK Public Sector. They have teamed up with Govtoday, the cutting edge news, conference and digital community to bring you the Conference Briefing. It is essential to understand the national picture and developments in your field in order to implement policy and improvements at a local level. The Conference Briefing provides everything you require.

- National policy
- The current picture
- Evidence base
- Case study references
- Literature and articles
- Challenges

This comprehensive document is provided by the experts in the field, giving you all of the background required to make the most of your event and take that learning back to your department.

Delivered to you in digital form, the document can be loaded to your tablet or printed as required.
